ASSISTANT COMMISSIONER FOR PATENTS

ALEXANDRIA, VA 22313

37 CFR 1.705 APPLICATION FOR PATENT TERM ADJUSTMENT

I. Statement of the Precise Relief Requested

The patentee requests that the Director change the notice of term extension under 35 USC 154(b) from 12 days to 583 days due to correct the PTO's erroneous reduction of period of adjustment of 571 days.

II. Material Facts in Support of the Petition

1. The Director determined a 12 day patent term extension, as noted on the Notice of Allowance mailed October 18, 2007.

2. On November 20, 2002, the applicant filed a Request for Continued Examination.

3. On November 3, 2003, the applicant filed a response after a non-final action.

4. On May 18, 2004, the USPTO mailed a non-final rejection.

5. On July 6, 2004, the applicant filed a response after a non-final action.

6. On December 9, 2004, the USPTO mailed a non-final rejection.

7. On July 1, 2005, the applicant filed an appeal brief.

8. On November 29, 2005, the USPTO mailed a non-final rejection.

9. On March 29, 2006, the applicant filed a reply brief.

10. On October 18, 2007, the USPTO mailed a non-final rejection.

III. Reasons Why the Relief Requested Should be Granted

A. Adjustment Due to PTO Delay

The term extension applicable under the 35 USC 154 is calculated as follows:

1. 35 USC 154(b)(1)(A)(ii) provides that the term of the patent shall be extended 1 day for each day that the PTO fails to respond to a reply under section within 4 months after the date on which the reply was filed.

2. On November 3, 2003, the applicant filed a response after a non-final action. On May 18, 2004, the USPTO mailed a non-final rejection. The difference between these dates, less the permitted four months, is 76 days.

3. On July 6, 2004, the applicant filed a response after a non-final action. On December 9, 2004, the USPTO mailed a non-final rejection. The difference between these dates, less the permitted four months, is 33 days.

4. On July 1, 2005, the applicant filed an appeal brief. On November 29, 2005, the USPTO mailed a non-final rejection. The difference between these dates, less the permitted four months, is 28 days.

5. On March 29, 2006, the applicant maintained the appeal by filing another brief. On October 18, 2007, the USPTO mailed a non-final rejection. The difference between these dates, less the permitted four months, is 446 days.

6. The total of these four patent term adjustments is 583 days.

B. Erroneous Reduction of Period of Adjustment by the PTO

The USPTO calculated a period of adjustment of 12 days.

C. Why the Reduction was Erroneous

The delay in sending the notice of allowance was entirely the fault of the Office, and was not any fault on the part of the applicant. Therefore, there should be no reduction in the period of adjustment of 583 days.

IV. **Conclusion**

The Director should grant the petition to change the notice of term extension under 35 USC 154(b) from 12 days to 583 days.

V. **Fee under 37 CFR 1.18(e)**

A check in the amount of \$200 to cover the fee for filing an application for the patent term adjustment is submitted herewith.
